She read the theme for International Women's Day 2023 ie DigitALL: Innovation and technology for gender equality. She emphasized the importance of women's digital empowerment and encouraged all the educated women present to strive towards educating uneducated women with digital technology used in our daily lives.

Principal of GRIET Dr. J. Praveen spoke about the important role played by women. How they are doing a great job by taking up work even if it needs temporary relocation to a foreign country. He cited an example of Mrs. Praveen.

Director Dr.Jandhalya Narayan Murthy spoke about the topic of necessity drives invention and quoted several examples of how people have branded several products with their names that they have become synonyms with the products themselves. He encouraged women to come up with innovation.

The Chief Guest for the event was Smt. Tangirala Vidya Rani is an advocate at High Court by profession and an artist by passion. She delivered a thought-provoking speech on the importance of perseverance and hard work. She instigated the women students to take the support of the present technology to achieve greater heights. She encouraged women, that age or any circumstance is not a reason to stop achievements.

6. Awareness Program on Cancer

Cancer is a serious disease and the second leading cause of death worldwide. It has been observed that the social stigma attached to this disease often leads to delayed diagnosis and treatment. Therefore, increasing awareness about the early detection of the disease and reducing the social stigma associated with it is crucial.

Dr. Sai Lakshmi Daayana, a Senior Consultant Gynae Oncologist for Women, Apollo Jubilee Hills spoke on Cervical Cancer, Breast Cancer and PCOS. She covered a variety of topics related to cancer, including the causes of cancer, symptoms, and prevention. The session focussed on educating the audience about the importance of regular health check-ups and screening tests for early detection and prevention of cancer.
