Considering growing demand for IT, it is considered worth increasing the intake by 60 for 2017-18. The demand for PG Programmes is low in premier and quality conscious institutions like GRIET. Notwithstanding this perception and also non viability economically, Members opined that PG programmes to be continued keeping research/ higher education advantages. Thus members recommended for 2017-18 Academic year

	Existing Strength	To be increased by
B Tech (IT)	120	+60
