COMPUTER SOCIETY OF INDIA

COMPUTER SOCIETY OF INDIA

Formed in 1965, the CSI has been instrumental in guiding the Indian IT industry down the right path since its formative years. Today, the CSI has 72 chapters all over India, 511 student branches, and more than 100000 members including India's most famous IT industry leaders, brilliant scientists and dedicated academicians.

CSI GRIET

Computer society of India GRIET was established in the year 2014. The main motive of the CSI Student chapter is to encourage the students in not only the academics but also in the other technical aspects.

Since the establishment of CSI Student chapter in GRIET there were many events like ENGIMA, DEVTHON'15 organised under it.

In the year 2016, the competitions like Technical JAM, Group Discussion and C Programming were conducted under Technacy club, associated under CSI, GRIET. These helped the students in improving their technical skills and moulding their communication skills.

Recently on 19th January 2017 CSI Student chapter has organised an event AAVISHKAR 2K17 which is the collection of technical events like C-Collesium, SQL Chase and non-technical events like obstacle race, prototype for which there was a huge response.

AIM

SQL CHASE

Database management now a days is occupying a huge role in the IT industry. So, we tried to bring out the SQL knowledge of our students. In this, SQL queries are given to the participants and they should write the commands to the query within the given time. Around 80 teams participated in this event and the following 2 teams bagged the corresponding prizes

1. Pramila, P.Shruthi
2. UdayTej, Rajkumar

TRICKY TECH

We not only concentrate on the technical knowledge of the students but we also do concentrate on the general knowledge. Tricky Tech is the event in which we have two rounds. In the first round we have technical quiz where as in the second we have a quiz on logos of different companies.

Winners of the tricky tech are

1. Mahesh varma, Saiteja Reddy
2. Vishwanath, Kranthi

OBSTACLE RACE

The reason for the success of their project, the first word that comes out is team work!

In our obstacle race, we had a team of three people and we had three tasks

- 1 Solving the puzzle
- 2 Arranging the jumbled picture
- 3 Constructing the pyramid of teacups

The team which bagged the prize is Manasa and team.
