

# CSI GRIET SB

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

### GOKARAJU RANGARAJU INSTITUTE OF ENGINEERING AND TECHNOLOGY

### KARANAM MADHAVI

Dr. Karanam Madhavi, Professor of Computer Science and Engineering Department, completed her Ph.D from JNTUA in 2013. She has over twenty years of academic experience in various institutions in India. Her Ph.D work was on Model-Driven Software Evolution which was carried at JNTUA, Anantapur, A.P, India.

Dr.Madhavi is active in motivating students to take part in CSI memberships as a CSI Student Branch Counsellor. She has been in this role since 2016. GRIET CSI SB is active with 532 student members of CSE department and actively conducting various technical and non technical events under supervision of Dr.Madhavi. She has published many papers in international journals and conferences. She is also Life Member of CSI and ISTE.

## MOMINE FACULTY

### Krishna Chythanya Nagaraju

Mr. Krishna Chythanya Nagaraju, having B.E.(Comp.Tech),(M.Tech(C.S.E.) degrees, has an overall engineering subjects' teaching experience of more than 15 years, which also comprise of around 6 years research experience. He successfully held many academic administrative positions at different colleges and is currently pursuing PhD in the area of Neural Networks and Software Engineering at O.U.-Hyd. He has many research papers published in various National/International Journals/Conferences to his credit. He is open for collaborative research work with like minded people. His areas of interests besides PhD domain includes Information Security, Operating Systems, Data Structures. He is very actively involved in CSI activities for the last more than 8 years. Organized multiple activities under CSI banner in the past.

### Sridhar Mourya

Mr. Sridhar Mourya, has 13 years of Teaching experience in handling subjects for Graduate and Post Graduate Engineering Students of different reputed Engineering Colleges. He successfully handled varied engineering subjects in the past in various Engineering Colleges and successfully conducted related activities. He is UGC NET qualified. Department and Institutional Level. He got Topper (top 5%) certificate in "Computer Architecture and Organization" from NPTEL IITB. He got OCJP certification from Oracle Corporation.

### K. Soumya Priya

Ms. K. Soumya Priya, Assistant Professor of Computer Science and Engineering, completed her M.Tech from Gandhi Institute of Technology and Management (GITAM) University, Vizag, has over Four years of academic and research experience in GRIET. She earned Bachelors of Engineering in Computer Science and Engineering from RVR & JC(ANU), Guntur.

# TECHNICAL TALK: Smart QA

**DATE: 05<sup>th</sup> April 2020**

**TIME: 11.30 a.m. to 12.30 p.m.**

**VENUE: Online platform (CISCO-WEBEX)**

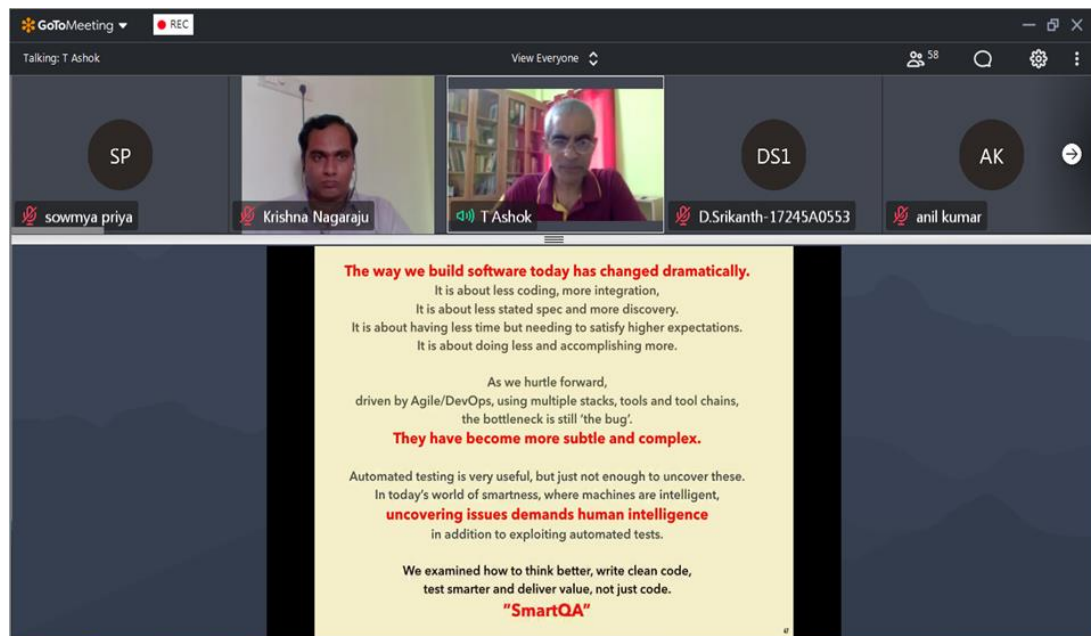

**NO. OF ATTENDEES: 80**

A Guest lecture was conducted on 5th April on the topic of Smart QA and the importance of clean code, by interaction with Mr.T.Ashok Thiruvengadam Founder & CEO, STAG Software Pvt Limited-Bangalore.

Mr.Ashok has more than 25 yrs of experience in the field of IT ,including 15yr focused endeavours in test-technologies and methodologies.

In this talk we were coached on how to think better, write clean code, test smarter and deliver value and not just code.

Nearly 70-80 members attended the talk.

The screenshot shows a GoToMeeting interface with a presentation slide. The slide content is as follows:

**The way we build software today has changed dramatically.**  
It is about less coding, more integration,  
It is about less stated spec and more discovery.  
It is about having less time but needing to satisfy higher expectations.  
It is about doing less and accomplishing more.

As we hurtle forward,  
driven by Agile/DevOps, using multiple stacks, tools and tool chains,  
the bottleneck is still 'the bug'.

**They have become more subtle and complex.**

Automated testing is very useful, but just not enough to uncover these.  
In today's world of smartness, where machines are intelligent,  
**uncovering issues demands human intelligence**  
in addition to exploiting automated tests.

We examined how to think better, write clean code,  
test smarter and deliver value, not just code.

**"SmartQA"**

The meeting interface shows the speaker T Ashok and several attendees: SP (sowmya priya), Krishna Nagaraju, DS1 (D.Srikanth-17245A0553), and AK (anil kumar). The meeting is recorded (REC).

# TECHNICAL EVENT: QUARANTINE QUIZ

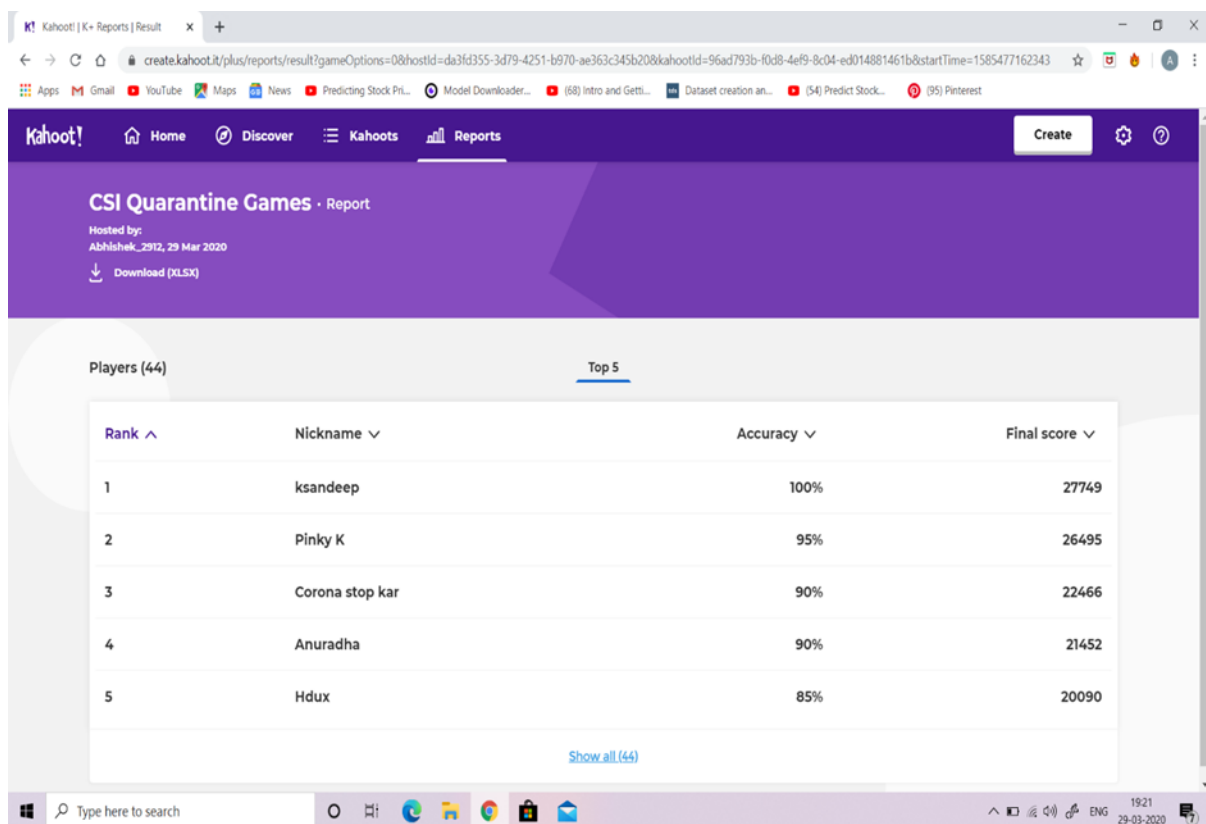

**DATE: 29<sup>th</sup> March 2020**

**TIME: 1.00 p.m. – 4.00 p.m.**

**VENUE: Online platform (KAHOOT)**

**NO. OF ATTENDEES: 80**

As the quarantine has dawned upon us, we've been limited to the 4 walls of our houses. With all the students turning lazy and their mind turning into indolent the CSI SB has conducted 'KAHOOT' a quiz competition based on coding, online. We've experienced a very good response from the students with over 50+ students participating in it. The students very enthusiastically participated in this competition as it exercised their minds.

The screenshot shows a web browser displaying a Kahoot! report page. The page title is 'CSI Quarantine Games · Report'. It is hosted by 'Abhishek\_2912, 29 Mar 2020'. There is a 'Download (XLSX)' button. Below this, it shows 'Players (44)' and a 'Top 5' list. The table below lists the top 5 players with their rank, nickname, accuracy, and final score.

Rank	Nickname	Accuracy	Final score
1	ksandeep	100%	27749
2	Pinky K	95%	26495
3	Corona stop kar	90%	22466
4	Anuradha	90%	21452
5	Hdux	85%	20090

At the bottom of the table, there is a link to 'Show all (44)'. The browser's taskbar at the bottom shows the time as 19:21 on 29-03-2020.

# **OUT OF THE BOX CODING**

**DATE: 28<sup>th</sup> February 2020**

**TIME: 1.00 p.m. to 4.00 p.m.**

**VENUE: Gokaraju Rangaraju Institute of Engineering and Technology**

**NO. OF ATTENDEES: 62**

The purpose of “conducting out of the box coding” was to expose students to the world of competitive coding which is right now a booming phenomenon in the world. This session helped students improve problem solving skills by exposing them to different approaches of solving a coding problem. Students were made to solve hand fully picked problems to take their coding skills to the next level. At the end the motive of conducting this session was to improve the participants foundation in C programming by brushing up their basics and making them solve questions on a competitive platform called leet code.

**Summary of the event**

“OUT OF BOX CODING” was a technical session conducted on this Friday. This session was a competitive coding where we helped the students to improve their problem-solving skills by exposing them to different approaches and made Solve hand fully picked problems to take their coding skills to the next level. It is a free event and was exclusively for CSI members.

## **CSI IMPACT - 2020**

**DATE : 22<sup>nd</sup> February, 2020**

**TIME : 01:00 am to 3:00 pm**

**VENUE : Gokaraju Rangaraju Institute of Engineering and Technology**

**NO. OF ATTENDEES: 150**

A motivational talk “CSI IMPACT” by Mr. Muralidhar Dasyapu on how to succeed in life, tips to learn effectively, self-motivation and various skills to acquire. Mr. Muralidhar Dasyapu is a psychologist, coach and soft skills trainer. He served in the Indian Air Force for twenty years and presently the director of CAMEL. Around 150 members turned up for the event and made it a huge success.

# **INTERNAL HACKATHON FOR SIH-2020**

**DATE : 29<sup>th</sup> January, 2020**

**TIME : 10:00 am to 5:00 pm**

**VENUE : Gokaraju Rangaraju Institute of Engineering and Technology**

**NO. OF ATTENDEES: 80**

Smart India Hackathon 2020 is a nationwide initiative to provide students a platform to solve some of the pressing problems we face in our daily lives, and thus inculcate a culture of product innovation and a mindset of problem solving. The main motive of SIH is to Harness creativity & expertise of students, Spark institute-level hackathons, build funnel for 'Start-up India' campaign, Crowd-source solutions for improving governance and quality of life and Provide opportunity to citizens to provide innovative solutions to India's daunting problems.

This year CSI had the great opportunity to associate with the college to conduct the internal hackathon for SIH 2020. Around 20 teams got registered for the event out of which 2 hardware solutions and 5 software solutions were selected.

# **TELANGANA STATE STUDENT CONVENTION**

**DATE : 12<sup>th</sup> December, 2019**

**TIME :10:00 am to 4:00 pm**

**VENUE : Gokaraju Rangaraju Institute of Engineering and Technology**

**NO. OF ATTENDEES: 300**

The CSI GRIET SB conducted a State Convention in the fall of 2019. It was the first-ever CSI State Student Convention that was hosted in GRIET. The theme was AI - Driven Human life. We witnessed around 215 registrations from students of GRIET and several other colleges as well. The day started with an inaugural ceremony which was preceded by several dignitaries which were followed by lunch. Post lunch events like Project Expo, Poster Designing, Web Designing, Code Debugging. All the students actively participated in these events and won laurels. \The convention was closed with a validation ceremony where all the winners were announced and awarded.

The event primarily consisted of four events:

**Project Expo:** It was a platform to exchange competitive ideas in a bash of real world implementations of one's ideas.

**Web Designing:** An event that aimed to bring out the innovative side of a student by using technology as a platform. It was a showcase of who could bring their vision to light.

### **Code Debugging:**

An engaging event using the debugging process to determine the problems and then find an effective solution to said problem, in a fixed constraint of time.

**Poster Designing:** A platform to present one's ideas in a visual format in the most artistic way. To go back to paper in this era of digitization.

## **MEMBERSHIP DRIVE 2019**

**DATE : 06<sup>th</sup> to 10<sup>th</sup>September, 2019**

**TIME : 11:00 am to 3:00 pm**

**VENUE : Gokaraju Rangaraju Institute of Engineering and Technology**

**NO. OF ATTENDEES : 315**

The CSI GRIET SB conducted its membership drive on the commencement of the new academic year.

As a new academic year commenced we were ready to expand our CSI family and set a platform for many more young budding engineers to explore themselves in the world of technology.

The membership drive was conducted in the span of four [4] days and this time we opened our doors for students from all the departments to be a part of our student body.

We received an overwhelming response from the students, most of them being from 1st year.

<b>Nature of the Event</b> (Workshop / Seminar / Guest Lecture / Tech Talk/ Training Program / Presentation/Conference	Membership Drive
<b>Title / Theme of the Event</b>	CSI Membership Drive
<b>Dates on which Event is held</b>	12th December,2019
<b>Name of the Organization</b>	CSI GRIET SB
<b>Number of Participants</b>	315

# CODE MOJITO

**DATE : 17<sup>th</sup> August, 2019**

**TIME :10:30 am to 2:00 pm**

**VENUE : Gokaraju Rangaraju Institute of Engineering and Technology**

**NO. OF ATTENDEES: 80**

The CSI GRIET SB conducted an event called “CODE MOJITO” under X-Kernel.

This event consisted of three rounds,

**Round one:** Kahoot, the contestants were given 20 questions and through this, they could choose their question for the next round.

**Round two:** Blind code, now the contestants were made to sit in front of a computer where one of the contestants is blindfolded to write the code given and the other contestants' hands are tied to navigate his/her partner.

**Round three:** Contestants were made to sit in front of a computer where the display is turned off and asked to enter a program.

# **TECHNICAL TALK**

**DATE : 6<sup>th</sup> August, 2019**

**TIME :10:30 am to 12:30 pm**

**VENUE : ECE block seminar hall**

**NO. OF ATTENDEES: 250**

CSI GRIET SB and IEEE GRIET conducted a technical talk on 6th August 2019 in the ECE seminar hall.

The main intention of the session was to help construct a career in autonomous driving and artificial intelligence during a brief session by Matt Lubbers, Director of Systems Engineering at Voyage and, Tara Van Dyken, Senior Talent Acquisition a leader in Amazon.

<b>Nature of the Event</b>  (Workshop / Seminar / Guest Lecture / Tech Talk/ Training Program / Presentation/Conference)	Tech talk on autonomous driving and artificial intelligence.

# **TECHNICAL TALK**

**DATE : 20<sup>th</sup> July, 2019**

**TIME :10:30 am to 12:00 pm**

**VENUE : Gokaraju Rangaraju Institute of Engineering and Technology**

**NO. OF ATTENDEES: 207**

CSI GRIET SB and IEEE collaborated and conducted the event “Technical Talk”, a talk that analyses the information regarding Neuroscience in Artificial Intelligence and its importance.

The fields of neuroscience and artificial intelligence (AI) have a long and intertwined history. In recent times, however, communication and collaboration between the two fields has become a common place. By understanding the biological brain, they could play a crucial role in building intelligent machines.

The talk was conducted on 20<sup>th</sup> July 2019 from 10:30 A.M to 12:00 P.M. The session was very useful as the main purpose was to impart and expand knowledge on Neuroscience in Artificial Intelligence as it helps doctors, scientists and engineers in many ways.

<p><b>Nature of the Event</b></p> <p>(Workshop / Seminar / Guest Lecture / Tech Talk/ Training Program / Presentation/Conference</p>	<p>Tech talk on Neuroscience in artificial intelligence.</p>
<p><b>Title / Theme of the Event</b></p>	<p>TECH TALK</p>
<p><b>Dates on which Event is held</b></p>	<p>20th July,2019</p>
<p><b>Name of the Organization</b></p>	<p>CSI GRIET SB</p>
<p><b>Number of Participants</b></p>	<p>207</p>

<p><b>Summary of the Event</b></p>	<p>We started our term with the event, tech talk by Dr.V.Rama Raju on neuroscience in artificial intelligence .we collaborated with IEEE Sb Griet in order to make this event, even more, larger.</p> <p>Dr.V.Rama Raju sir is a professional member of different scientific society of engineering medicine biology and computing in many reputed academies like IANs, NSI, etc.</p> <p>Students from all the branches and years had turned up who made the talk more interactive.</p>
------------------------------------	---

**POs attained with this Event**

The main purpose of the talk to expand knowledge on Neuroscience and Artificial intelligence is served.

## **RESONANCE 2K19**

**DATE : 18<sup>th</sup> to 19<sup>th</sup> January, 2019**

**TIME :09:30 am to 04:00 pm**

**VENUE : Gokaraju Rangaraju Institute of Engineering and Technology**

**NO. OF ATTENDEES: 500**

CSI was back again with “RESONANCE 19” an innovative platform witnessing ideas turning into actions, workshops transforming passive listening into interactive learning and plethora of events and activities under banner of technology for quenching thirst of Techno maniacs was spread across 2 days with over 350+ participants from GRIET and other colleges, out of which 144 were Workshop Attendees. ie.,18th and 19th January 2019

.Workshops included the latest trending technologies like : Machine Learning,

Mobile App Development, Web Development and Ethical Hacking.

Non-technical events like Code-a-thon, Code Bingo, Virtual Mania, Meme Making, PUBG. The Mega event was started off by the inauguration followed by a Tech Talk on the topic - “IT Service Delivery/BAU Operations management methodology and process” Resource person: A. Kiranmai Reddy, Service Performance Manager - TCS, Australia which was then followed by the workshops and events.

## **WORKSHOPS:**

### **Android App Development Using Flutter:**

Flutter 101 Flutter is game-changing because any developer (or anyone who wants to learn mobile development) can now build Native Android and iOS apps with one codebase ONLY! Which means, instead of having to learn Objective-C or Swift to build iOS apps, and Java, or Kotlin to build Android apps, you can now use Flutter Mobile Development Framework to build apps that run Natively on both iOS and Android devices using the General-purpose Dart Programming Language.

## **Web Development:**

Web development is the work involved in developing a web site for the Internet or an intranet. The workshop was held on 18 th and 19th. We taught them everything from basics i.e HTML, CSS, etc. We showed them the installation of github and told the importance of it. We taught them how we can host the website for free. We explained them the basics of PHP and javascript.

## **Ethical Hacking:**

Gain the ability to do ethical hacking and penetration testing by getting into this workshop! Learn in this course about installing Kali Linux, using VirtualBox, basics of Linux, Tor, Proxychains, VPN, Macchanger, Nmap, cracking wifi, aircrack, DoS attacks, SSL strip, known vulnerabilities, SQL injections, cyber laws, phishing and more topics.

## **Foundations of Machine Learning:**

Machine learning is an application of artificial intelligence (AI) that provides systems the ability to automatically learn and improve from experience without being explicitly programmed. Machine learning focuses on the development of computer programs that can access data and use it to learn for themselves.

## **Technical Events:**

### **Code Bingo :**

It is a platform where codes are displayed on board or projector and the output of those codes will be between 1-25. The participants have to mark the numbers accordingly on a sheet and strike “BINGO!”

### **Code-a-thon :**

a) **Blind Coding:** This is a platform where a programmer works on a code without running it until completion. This is very fun as well as an educational game.

b) **Code Snippets :** In this event a few pieces of code will be provided to the participants and they must join the puzzles and make a meaningful code out of it.

c) **Reverse Coding :** In this event a code must be written in the reverse format. That means the code must start with the last line and end with the first line.

### **PowerPoint presentation :**

A platform where participants will showcase their project with a power point presentation describing all the contents of the project, one with best pitching and idea will be the winner.

### **NON-TECHNICAL EVENTS:**

1. Virtual Mania: Virtual reality is a game where participant will be given 500/- virtual money, through that he has to play games(rounds) which would be throw the ring and get it, Buzzer wire, puzzles/riddles,4 Marie Biscuits in 1min by paying from his virtual money, if he wins in any of the game he gets his virtual money back otherwise he loses. The one with the highest amount of virtual money remaining after all rounds will be the winner.

2. Whisper challenge: There will be a group of 2 members where one member will be having headphones on with loud music and the other person will talk some sentences which the person with headphones should guess in a given time.

3. How well do you know each other: There will be a group of 2 members where questions about them will be asked and the 1st person should answer about the 2 nd person and vice-versa in the given time.

4. Pictionary: In this event there will be a group of 2 members where one member should draw and explain a given word without talking and the other person should guess it in a given time.

5. Coke Pong/Bullseye: In this game the participants must aim and throw the pong ball into the coke glasses and if anyone makes a goal, they get to drink the coke in the glass.

6. Meme Making: As we all know memes are trending with youngsters hence in this competition the participants must make friendly funny and non-offensive memes and the meme which is the most creative and amusing was declared the winner.

7. Dodge slide: In this game a group of 3 friends were tied together near their legs and were asked to walk between the hula hoops.

8. Catch Phrase/Charades:

This game is closely related to the dumb charades where the participants will be divided into 2 teams and one the teams must guess the movie names or things names which will be enacted by their fellow teammates.

9. PUBG: As we all know about this trending online game. In this event all the participants come together and play the game online.

10. Kahoot: It is a fun based online quiz on the C , C++, Java and its concepts which will help the participants increase their knowledge in a fun way.

# **INDUSTRIAL VISIT TO SAMSKRITHI BUSINESS SOLUTIONS**

**DATE: 24<sup>th</sup> July 2018**

**TIME: 09:30 am to 12:00 pm**

**VENUE: SAMSKRITHI BUSINESS SOLUTIONS**

**NO. OF ATTENDEES: 20**

The executive student body of the CSI visited the Samskriti Business Solutions located at Somajiguda. This visit was categorised into two sessions.

- The first session was conducted by Sirisha Bhandari who gave us a presentation on Digital Marketing, about the functioning and uses and also about its Tools.
- The 2nd session was led by Pranaya Reddy who gave us a brief description on Web Analysis. The next phase of the session was held by the CEO Sravan Kumar who gave us an outline about his career and his accomplishments and then opened a chit-chat session where we put forward our queries.

We then had the luck of a bonus session in which a client from New Zealand and a very close friend of the CEO shared his experiences and also answered our questions. The visit was successfully completed under the guidance and support of HOD Sir, CSI coordinator, Faculty Co-coordinators.

## **MEMBERSHIP DRIVE 2017**

**DATE: 27<sup>th</sup> July, 2017**

**TIME: 10:30 am to 12:00 pm**

**VENUE: Gokaraju Rangaraju Institute of Engineering and Technology**

**NO. OF ATTENDEES: 54**

CSI GRIET SB conducted its membership drive on 27<sup>th</sup> July with a total of 162 student registrations of which 2nd year registrants are of 137 and 25 new registrants from 3rd year students.

This drive was optional and dependent on what level of commitment and how much time a new member would be expected to commit to the organization.

We had gotten to see good results from the drive about students being interested to take part in this student organisation.

# **AAVISHKAR 2K17**

**DATE: 19<sup>th</sup> January, 2017**

**TIME: 09:30 am to 3:00 pm**

**VENUE: Gokaraju Rangaraju Institute of Engineering and Technology**

**NO. OF ATTENDEES: 190**

CSI GRIET SB conducted an event “AAVISHKAR”, a collection of events that encouraged the CSE students to be part of a competitive environment.

The inaugural ceremony of AAVISHKAR 2K17 by Computer Society of India, was conducted at 9:30 AM on 19th Jan 2017 where our HOD, Dr. Ch. Mallikarjun Rao, our faculty advisor Dr.K.Madhavi addressed the crowd.

The event consisted of 9 activities:

## **POWERPOINT PRESENTATIONS :**

As the main motive of CSI is to bring out the inner talent of the students of GRIET we included powerpoint presentations in our technical events. Whilst this, the students got a chance to share their knowledge and experience something new.

## **SQL CHASE:**

Database management nowadays is occupying a huge role in the IT industry. So, we tried to bring out the SQL knowledge of our students.

## **C - COLOSSEUM:**

C - Colosseum is the event in which multiple choice questions are asked about the C language.

### **TRICKY TECH:**

We not only concentrate on the technical knowledge of the students but we also do

concentrate on general knowledge. Tricky Tech is an event in which we had two rounds. In the first round we have a technical quiz where as in the second we had a quiz on logos of different companies.

### **FILL N FLAIR:**

Nowadays the IT industry is concentrating on aptitude and reasoning along with technical knowledge. Fill and Flair is a technical event in which we had two categories:

(I) Aptitude questions (II) Technical missing letters

### **ZIG ZAG:**

This is another event based on C programming language. But here we moved a little forward.

Instead of asking the basic questions we moved to the programming part. Zig Zag is the event in which a code which is wrongly jumbled will be given and the participant has to correct it.

## **CRYPT UR MIND:**

Information security is occupying a huge role in today's world where we need to keep everything secure. Crypt ur mind is an event which deals with encryption and decryption.

Here a set of encrypted words will be given to the participants and they have to decrypt those words.

## **PROTOTYPE:**

Something fun and something creative! We didn't even give many things to make them but the way the participants thought and the way they made these was really creative. They made many prototypes like Telephone, Speaker, Wind mill, Robot etc with very little things like tea cups, straws, papers etc.

## **FASTEST FINGER FIRST:**

A person should always have the ability to handle the pressure. The speed of an individual always decreases with pressure. FFF is the event in which every participant will be given a dictionary and a set of words.
