Career Guidance & Mentoring Programs

Dr. Tata Jagannadha Swamy

**Professor of ECE
Dean, Career Guidance,
GRIET, Hyderabad
Jagan.tata@griet.ac.in**

“Career guidance defined as a comprehensive, developmental program designed to assist individuals in making and implementing informed educational and occupational choices. In simple words, it is a journey on which people develop to make mature and informed decisions.

Mentoring is a relationship between two people with the goal of professional and personal development. The "mentor" is usually shares knowledge, experience, and advice with a less to student, or "mentee."

GRIET Career Guidance Cell (CGC) aims to create an encouraging atmosphere for students by providing them ample prospects of building competencies in sync with their dream careers, thereby ensuring a smooth landing into the professional world with innovative training methods, skill assessment programs, and a continuous assessment of student interests. CDC provides services and resources that assist students in competence development, career planning, and employment search.

Main Objectives are:

- The Career Guidance Cell provides services in areas of Career Guidance and Mentoring programs for students that enable them to develop their abilities and knowledge.
- The Cell organizes Workshops and Seminars on Personality Development, Interpersonal Relationship, Communication Skills, Interview Skills and Presentation Skills to enable the All Round development of individuals.
- The CGC organizes the various programs to create awareness about the importance of higher studies in India and Abroad with Notable Industrialists/Educationalists/Alumni/Consultancies frequently.
- The CGC organize diagnostic tests for the competitive exams such as Skill tests, Coding ability Tests, GTAE, CAT, GMAT, GRE, TOEFL, IELTS, ESC, CIVILS, IT & ITeS, ESC, Banking, Core Sectors, etc.. to counsel them for higher studies. The CGC provides all the necessary information about competitive exams.

Course of Action Taken on Mentoring Activity

Contacted all the students (100%) through Mentors, Mentor Coordinators and HoDs. In this mentoring activity, we have mainly enquired the about students health status, their family health status, online courses attendance, exams preparation, project work, and offered suggestions or requests from them.

- During this activity, some of the student parents also interacted with us.
- We have enquired the parents about his/her ward online classes attendance, project work, assignment handling, completion of tutorial sheets, and labs preparation.
- **Note:** The parents are very much happy about our mentoring activity in this lockdown period also.
- (I have called randomly some students of all the departments including first year and enquired about the mentoring process, about their preparations. Referred some students to Dr. Y. Butchi Raju Garu (GRIET, Counsellor) for counselling.)

Some of the consolidated points (department wise) with their discussions:

1. Civil Engineering Department: (UG):

Faculty are taking online classes, and students attendances are less.
Needs Improvement in Online Classes attendance

2. Computer Science and Engineering: (UG)

Faculty are taking online classes, and students attendances are less.
Students attendance is satisfactory

3. Electronics and Communication Engineering: (UG)

Faculty are taking online classes, and students attendances are less.
Students attendance is satisfactory

4. Electrical and Electronics Engineering: (UG)

Faculty are taking online classes, and students attendances are less.
Students attendance is satisfactory

5. Information Technology:(UG)

Faculty are taking online classes, and students attendances are less.
Students attendance is satisfactory

6. Mechanical Engineering:(UG)

Faculty are taking online classes, and students attendances are less.
Students attendance is un-satisfactory

7. I Year: (All Branches)(UG)

Faculty are taking online classes, and students attendances are less.
Students attendance is satisfactory

8. PG (M.TECH): All first year students are attending the online classes and all second year students are attending for review as well as interacting with supervisors for their project work.

Course of Action Taken on Mentoring Activity

Contacted all the students (100%) through Mentors, Mentor Coordinators and HoDs. In this mentoring activity, we have mainly enquired the about students health status, their family health status, online courses attendance, exams preparation, project work, and offered suggestions or requests from them.

- During this activity, some of the student parents also interacted with us.
- We have enquired the parents about his/her ward online classes attendance, project work, assignment handling, completion of tutorial sheets, and labs preparation.
- **Note:** The parents are very much happy about our mentoring activity in this lockdown period also.
- (I have called randomly some students of all the departments including first year and enquired about the mentoring process, about their preparations. Referred some students to Dr. Y. Butchi Raju Garu (GRIET, Counsellor) for counselling.)

Some of the consolidated points (department wise) with their discussions:

1. Civil Engineering Department: (UG):

Students are actively attending the online courses

Requesting more materials and more interactive sessions

2. Computer Science and Engineering: (UG)

Students are actively attending the online courses

Requesting more materials and more interactive sessions

3. Electronics and Communication Engineering: (UG)

Students are actively attending the online courses

Requesting more offline and video materials and also requesting for more interactive sessions

4. Electrical and Electronics Engineering: (UG)

Students are attending the online classes regularly

Requesting solved numerical materials for problem oriented subjects

5. Information Technology:(UG)

Students are actively attending the online courses

Requesting more materials and more interactive sessions

6. Mechanical Engineering:(UG)

Online Classes attendance to be improved

Attending classes, some of them are requesting more materials

7. I Year: (All Branches)(UG)

Attending classes regularly, some of them have not taken complete (total) books along with them so they are asking about extra materials.

Students are asking about, more number of worksheets, Assignments, Old Question papers and extra materials.

8. PG (M.TECH): All first year students are attending the online classes and all second year students are attending for review as well as interacting with supervisors for their project work.

Note: About this mentoring process and enquiries, students have more attention about their online courses, their exam preparations, are also very much happy about our responsibility.

Some of the consolidated points (department wise) with their discussions:

1. Civil Engineering Department: (UG):

Students' attendance percentage is less, Needs Improvement in Online Classes attendance

2. Computer Science and Engineering: (UG)

Student's attendance is satisfactory

Students are more concentrating about programming subjects

3. Electronics and Communication Engineering: (UG)

Student's attendance is good, Students are requesting Offline Video Lectures and More Materials on Problem oriented Subjects.

Requesting session on doubts clarification

4. Electrical and Electronics Engineering: (UG)

Student's attendance is satisfactory, Students are requesting more materials, Old Question Papers, Offline Video Lectures on numerical question subjects.

5. Information Technology:(UG)

Student's attendance is good,

Students are requesting more materials and Old Question Papers.

6. Mechanical Engineering:(UG)

Online Classes attendance to be improved, Focus on problem oriented subjects

7. I Year: (All Branches)(UG)

Some of them have not taken complete (total) books along with them so they are asking about extra materials. Requesting offline information

8. PG (M.TECH): All first year students are attending the online classes and all second year students are attending for review as well as interacting with supervisors for their project work.

Note: About this mentoring process and enquiries, students have more attention about their online courses, their exam preparations, are also very much happy about our responsibility.

26/04/2020

Course of Action Taken on Mentoring Activity

We have called 100% of students of all the departments including I year in this week and enquired about their safety their readiness for exams through mentors.

Received minutes of meeting with (Classes Representatives) CRs, from All the HoDs.

For counselling: Referred some students to Dr. Y. Butchi Raju Garu (GRIET Counsellor).

The consolidated points department wise:

1. Civil Engineering Department: (UG & PG):

- All students are safe.
- Some of them are staying in Red zone.
- Majority of Civil Engineering students are staying in rural areas.
- These students are facing network problem, but they are collecting material from their classmates.
- Requesting old Question Papers and unit wise short and long answer questions.

2. Computer Science and Engineering: (UG)

- Students are happy with the online classes and lab sessions.
- Student Safety and health status enquired.
- All 5 UNITS material and notes for all subjects given by faculty.
- Assignments and Quizzes are going on still.
- Previous question papers are gathered from library and communicated to all students.
- Students are Requesting Important questions from each unit

3. Electronics and Communication Engineering: (UG)

- All the Students are safe
- Those who are unable follow online courses, providing offline videos to them
- Remedial classes were conducted to students with backlogs and study materials provided.
- Technical seminars are being conducted for final year UG students
- Sending Old question papers and extra materials to students through mentors
- Students are Requesting Important questions from each unit

4. Electrical and Electronics Engineering: (UG)

- All students are safe
- Few students are staying in the RED ALERT Areas.
- Online classes are held as per daily schedule.

- Online quizzes and assignment are been given to the students related to their subjects.
- All the materials and old question papers are forwarded to the students.
- Students are Requesting Important questions from each unit

5. Information Technology:(UG)

- Syllabus of all courses is completed
- All students received all courses materials, Old Question papers
- They are prepared to write exams as soon as college starts
- All mini and major projects are completed
- First level of plagiarism testing is completed
- Students are Requesting Important questions from each unit

6. Mechanical Engineering:(UG)

- All students are safe.
- 65 %of students attended online classes.
- Faculty doing revision of class work and assignment and quiz.
- Most of projects ready for (Mini and Major) under plagiarism check.

7. I Year: (All Branches)(UG)

- Syllabus of all courses is completed through online classes and some faculty discussing important and old questions

- All students received all courses materials in the form of video lectures, notes, PPTs, quizzes, web links to various online libraries etc.
- Expressed happiness about various mentoring activities by department.
- About 300 first year students confirmed registration with Internships, 884 registered for English bolo by AICTE.
- Some of the students are requesting unit wise important questions

8. PG (M.TECH): All first year students are attending the online classes and all second year students are attending for review as well as interacting with supervisors for their project work.

GokarajuRangaraju Institute of Engineering and Technology, Hyderabad
(Autonomous)

03/05/2020

Course of Action Taken on Mentoring Activity

Sir,

We have called 97.3% of the students of all the departments including I year in this week and enquired about their safety their readiness for exams.

For counselling: Referred some students to Dr. Y. Butchi Raju Garu (GRIET, Counsellor).

The consolidated points department wise:

9. Civil Engineering Department: (UG & PG):

- 100% All students are safe
- Some of them are staying in Red zone.
- They are busy with collecting materials
- III years are busy with CRT

10. Computer Science and Engineering: (UG)

- 99.99% students are safe
- Everyone is busy with their preparations

- Some of them are doing online certification courses
- III years are busy with CRT online classes

11. Electronics and Communication Engineering: (UG)

- Contacted 90.08% and are safe
- III year students are busy with CRT
- All are busy with exam preparations
- IV years are waiting for project viva examination

12. Electrical and Electronics Engineering: (UG)

- 100% students are safe
- Few of them are in RED Zone
- III years are in CRT online classes
- II and IV years are in exam preparations and project viva preparations

13. Information Technology:(UG)

- 100% students are safe
- All of them are preparing well for the exams
- Some of them are doing certification programmes
- III years are attending the CRT classes
- **Mechanical Engineering:(UG)**
- Contacted 99% of students in this week
- All 99% students are safe.

- II and IV years are busy with their upcoming exams and viva preparations
- Some of them are attending GATE and GRE online classes.
- 65 % of students attended online classes.
- Faculty doing revision of class work and assignment and quiz.
- Most of projects ready for (Mini and Major) under plagiarism check.

14.I Year: (All Branches)(UG)

- 99.4% students were under contact in this week
- All are preparing for the exams
- They are very much showing about problem oriented and core subjects
- Sending required materials and conducting online classes regularly

15.PG (M.TECH): All first year students are attending the online classes and all second year students are attending for review as well as interacting with supervisors for their project work.

GokarajuRangaraju Institute of Engineering and Technology, Hyderabad
(Autonomous)

10/05/2020

Course of Action Taken on Mentoring Activity

We have called 98.46% of the students of all the departments including I year in this week and enquired about their safety their readiness for exams.

For counselling: Referred some students to Dr. Y. Butchi Raju Garu (GRIET, Counsellor).

The consolidated points department wise:

1.Civil Engineering Department: (UG):

- All students are safe.
- Some of them are staying in Red zone.
- Students are under exam preparations
- III years are busy with CRT

2. Computer Science and Engineering: (UG)

- Contacted 99% Students in this week.
- All 99% are safe, The are busy with collecting materials
- Students are busy with exam preparations
- III years are busy with CRT

3. Electronics and Communication Engineering: (UG)

- Contacted 92.2% of students in this week
- All 92.2% safe and they are doing well
- Some of them are enquired about the exam dates etc..
- They are under exam preparations
- III years are busy with CRT

4. Electrical and Electronics Engineering: (UG)

- Contacted all the students in the department
- 100% students are safe
- Few students are staying in the RED ALERT Areas.
- Requested them to contact mentor for any help
- III years are busy with CRT

5. Information Technology:(UG)

- Contacted all the students in the department
- All the contacted are safe
- They are busy with exam preparations
- III years are busy with CRT

6. Mechanical Engineering:(UG)

- 100% Students are safe
- All are preparing for exams
- III years are busy with CRT

7. I Year: (All Branches)(UG)

- Contacted 99.56% Students in this week and all are safe
- Conducting online classes Regularly
- Students are actively participating the classes
- Faculty giving assignments and tutorials to them

8. PG (M.TECH): All first year students are attending the online classes and all second year students are attending for review as well as interacting with supervisors for their project work.

(Autonomous)

17/05/2020

Course of Action Taken on Mentoring Activity

We have called 98.13% of the students of all the departments including I year in this week and enquired about their safety their readiness for exams.

For counselling: Referred some students to Dr. Y. Butchi Raju Garu (GRIET, Counsellor).

The consolidated points department wise:

1. Civil Engineering Department: (UG):

- 99.99% students are safe.
- Some of them are staying in Red zone.
- Students are under exam preparations
- III years are busy with CRT

2. Computer Science and Engineering: (UG)

- Contacted 99% Students in this week.
- All 99% are safe, The are busy with collecting materials
- Students are busy with exam preparations
- III years are busy with CRT

3. Electronics and Communication Engineering: (UG)

- Contacted 92.63% of students in this week
- All 92.63% safe and they are doing well
- Some of them are enquired about the exam dates etc..
- They are under exam preparations
- III years are busy with CRT

4. Electrical and Electronics Engineering: (UG)

- Contacted all the students in the department
- 100% students are safe
- Few students are staying in the RED ALERT Areas.
- Requested them to contact mentor for any help
- III years are busy with CRT

5. Information Technology:(UG)

- Contacted 100% students in the department
- All the contacted are safe
- They are busy with exam preparations
- III years are busy with CRT

6. Mechanical Engineering:(UG)

- 99.89 % Students are safe
- All are preparing for exams
- III years are busy with CRT

7. I Year: (All Branches)(UG)

- Contacted 99.56% Students in this week and all are safe
- Conducting online classes Regularly
- Students are actively participating the classes
- Faculty giving assignments and tutorials to them

8. PG (M.TECH): All first year students are attending the online classes. Some of the students raised their doubts on subjects. They are safe and doing well. All second year students are attending doing their projects. Some of them are completed 82 % and some of them are 50 % only. Regularly attending the reviews and also interacting with supervisors for their project work.

Course of Action Taken on Mentoring Activity

We have called 98.46% of the students of all the departments including I year in this week and enquired about their safety their readiness for exams.

For counselling: Referred some students to Dr. Y. Butchi Raju Garu (GRIET, Counsellor).

The consolidated points department wise:

1. Civil Engineering Department: (UG):

- 99.5% students are safe.
- Some of them are staying in Red zone.
- Students are under exam preparations
- III years are busy with CRT

2. Computer Science and Engineering: (UG)

- Contacted 99.5% Students in this week.
- All 99.4% are safe, The are busy with collecting materials
- Students are busy with exam preparations

- III years are busy with CRT

3. Electronics and Communication Engineering: (UG)

- Contacted 92.57% of students in this week
- All 92.57% safe and they are doing well
- Some of them are enquired about the exam dates etc..
- They are under exam preparations
- III years are busy with CRT

4. Electrical and Electronics Engineering: (UG)

- Contacted all the students in the department
- 100% students are safe
- Few students are staying in the RED ALERT Areas.
- Requested them to contact mentor for any help
- III years are busy with CRT

5. Information Technology:(UG)

- Contacted 100% students in the department
- All the contacted are safe
- They are busy with exam preparations
- III years are busy with CRT

6. Mechanical Engineering:(UG)

- 99.26% Students are safe
- All are preparing for exams
- III years are busy with CRT

7. I Year: (All Branches)(UG)

- Contacted 99.73% Students in this week and all are safe
- Conducting online revision classes
- Students are actively participating the classes
- Faculty are clarifying the doubts
- Solving all the old question papers in the classes
- Faculty giving assignments and tutorials to them

8. PG (M.TECH): All first year students are attending the online classes. Some of the students raised their doubts on subjects. They are safe and doing well. All second year students are attending doing their projects. Some of them are completed 82 % and some of them are 50 % only. Regularly attending the reviews and also interacting with supervisors for their project work.

Summary Reports on Mentoring During Lockdown Period

GRIET MENTORING ACTIVITY DURING THE LOCKDOWN PERIOD (WEEK 1: 16/03/2020 - 22/03/2020)							
S.No	Name of The Dept	Year	Total No of Students	No of Students in contacted	% of Students in contact	No of students who are not in contact	Remarks
1	CIVIL	II	131	131	100%	NIL	All are doing well
2	CIVIL	II	143	143	100%	NIL	All are doing well
3	CIVIL	IV	130	130	100%	NIL	All are doing well
4	CSE	II	395	395	100%	NIL	All are doing well
