Summary of the Event	<p>Covid Project Distribution of Provisions This is our second attempt to ensure that young children do not face any kind of trouble during this pandemic. This lockdown has been very harsh for most of the people throughout the nation and here's our small attempt to help people as much as we can.</p> <p>Keeping this question in mind we Street Cause-Griet has taken up an initiative to raise funds and donate the received amount to the old-age homes which are in need! It's the kids of our country who are in risk due to the COVID-19 and just imagine the ones who have no one to take care of?</p> <p>To ensure they have their basic necessities we donated Rs.4000/- to Kamalamma Seva Samithi. Groceries bought would be sufficient for 10-13 days.</p> <p>A human heart should settle knowing he is safe!</p>
	<p>Humanity is when we realise others troubles and do our small part to make their lives better!</p>

SUBJECT: A HEARTFELT THANKING LETTER

We heartily thank you for showing your love and gratitude to our KAMALAMMA SEVA SAMITHI in a very tragic situation. Your donation of Rs 4000 was really helpful for us in this situation, due to this pandemic Covid-19 and the lockdown which is going on we have fall short of our daily needs and provisionals cause we are not regularly sponsored we work for our own organisation and its needs, we are looking forward for your help. We remember you in our prayers. The bill and list of provisionals have been enclosed.

Thanking you

Summary of the Event	<p>As our country steps into month 5 on the COVID19 pandemic, team NSS have come up with an online event to make the world a greener place one home at a time.</p> <p>Starting on July 17th 2020, for 7 days team NSS has gathered pictures of home plants with benefits like air purification and some medicinal plants sent to @nssgriet_quarantine page on Instagram and uploaded</p>
	<p>them to the same page with a short description of the benefits of the plants.</p> <p>Studies have shown that growing plants at home can positively impact the lifestyles of the residents of that home. They can reduce stress fatigue, improve air quality and the medicinal benefits of some plants are cardinal to physical health and immunity.</p> <p>The indirect benefit of individual plants is a greener atmosphere on the whole.</p>

Summary of the Event	<p>Event Objective: The primary objective of Green Bappa is to promote the idea of DIY Ganesha idols in the hope of reducing the usage of harmful and toxic PoP(Plaster-of-Paris) idols.</p> <p>Event Description: Anyone can participate in the event. Participants can share pictures or videos of them making Ganesha idols using clay, turmeric, or any similar easily attainable substance.</p>
	<p>If not the idol, participants can also send in pictures/Videos of them crafting accessories for the idols. Participants call also share tips and how-to information for those interested in making their own Ganesha Idols</p> <p>Event Impact: PoP has very adverse effects on the environment, not just water pollution but manufacturing of PoP is a process which releases many toxins into the air. PoP outright destroys the ecological balance of water bodies when Ganesha idols are immersed on a large scale.</p> <p>Through this event we hope to have reduced the usage of such harmful substances.</p> <p>This event is part of a number of quarantine events planned to encourage people in these dire circumstances to take a step forward to contribute to NSS's cause of protecting our environment.</p>

Summary of the Event	<p>We met Devi Singh at his home in Dhoolpet. He told us about the critical conditions of the mini-stadium where he coaches for wrestling. All the students belong to very poor families who cannot afford any sort of coaching. At present, the academy has about 4050 students out of which 15 are young girls. 8 of these wrestlers have been to National level wrestling competitions and have won several medals. There is a lack in the number of wrestling mats and a cover making it difficult for all the students to practice simultaneously. We visited the wrestling academy and met the students. We observed all the students putting in great efforts into wrestling with immense concentration and dedication. The practice room does not have fans in working condition and lacks proper ventilation, making the practice area very claustrophobic. Girls and young boys practice on the mats without a mat cover which causes major injuries. Students cannot afford</p>

They often injure themselves while practicing and do not have a provision of proper first-aid kit</p> <p>Budget:</p> <p>Wrestling mats – Rs.9100/- Wrestling mat cover – Rs.20000/-</p> <p>First aid equipment -1803/-</p> <p>Total budget: Rs.30903/-</p>

Summary of the Event	Donating Blankets and sweaters to the needy and homeless in these cold winters NSS members can voluntarily donate sweaters or blankets or rugs to homeless people around them.
	This event took place on the 27 th of December, 2020 As the end of the year approaches, the nights get colder and colder, this can be especially tough to homeless people who can't afford a warm roof above them. Gifting blankets and sweaters to keep them warm is something that can go a long way to help their suffering.

Summary of the Event	<p>Team handball is a team game and is played popularly by the worldwide nations and is recognized by the International Olympic Association. It is also played professionally in many European countries. In Asia, including India this game has become significant among other popular games. There are 31 million players, trainers and referees worldwide. It is a team sport where two teams of seven players each (six players and a goalkeeper) pass and bounce a ball trying to throw it in the goal of the opposing team.</p> <p>We at Street Cause-GRIET have made an attempt to serve the district level handball players by supplying them with essential groceries and sanitary products. In this</p>
	<p>pandemic situation it has been difficult from them to cope up with practice and to earn a living for their basic needs.</p> <p>Humanity is when we realize others troubles and do our small part to make their lives better!</p>

Summary of the Event		<p>A proper education sets people up to grow personally, professionally, and socially. It can awaken joy, curiosity and a deep desire to solve problems and help others. Plus, teaching a student can inspire them to pursue leadership roles and positively impact those around them. But for all this to happen students need to be provided with a proper learning environment.</p> <p>We came across this school through one of the Volunteers members, who approached us with the survey of this school. Looking into the survey and enquiring about it we understood the needs and necessities</p>				

	<p>of the school. The school is upper primary school which holds classes from 6th to 10th and has enrolled 107 students this year in all the classes. Summary of the Event		A small act of kindness is worth more than the grandest intention, the IEEE GRIET SB Women in engineering (WIE) AG conducted the WIE Star event at CHEERS FOUNDATION, Kaithalapur near KPHB PHASE IV on 1st July, 2022. The purpose of the event was to show the compassion and provide the children in the orphanage with few basic commodities. The SB members along with few volunteers and faculty visited the orphanage and interacted with the children.				

	<p>It was a new and refreshing experience for the students and kids at the orphanage. The SB members interacted with the kids at the orphanage and engaged them in few entertaining and educational activities. The SB members first conducted an icebreaker session where the SB members introduced themselves followed by the kids. The kids at the orphanage were asked to speak about their hobbies, personal interests, dreams and ambitions. It was very fascinating listening to kids speak about themselves. Various games were conducted by the SB members and the kids took part with a great enthusiasm.</p> <p>Later the commodities which were brought by the SB members were given to the orphanage management. And the event came to an end by good bye to the kids.</p> <p>The WIE Star Event was a huge success and everyone had bright beaming smiles at the end of the day.</p>

Summary of the Event		Anti-Terrorism Day is celebrated on 21 May in India every year. It aims to raise awareness about terrorism and violence and the way it affects the common people. It also aims to show how detrimental terrorism is to the nation. The pledge was taken by all Deans, Heads, Faculty members, Staff members and students to 'fight the forces of disruption threatening human lives and values'. The pledge was administered with the objective to wean away the youth from terrorism and the cult of violence by highlighting the sufferings of the common people.

Summary of the Event		<p>The five-month long awareness campaign on PRAGNYA 90.4 FM on Girl trafficking issues has created confidence among the listeners that there is an organization "My Choices Foundation" that will come to their rescue in case they come across behaviors leading to sexual abuse and trafficking of women.</p> <p>The same was expressed directly in the Zoom meeting conducted by My choices, by Mrs. Satyavathi and Mrs.Laxmi, who are regular Radio listeners of Pragnya 90.4 FM during the campaign period. Both are house makers from Miyapur and Bachupally villages. They are not alone, other listeners also particularly women (Not ready to get Identified) expressed</p>				

	<p>their appreciation on the programmes aired on Human trafficking issues. The station used to get minimum 3 to 5 calls daily during these 5 months. Radio listeners in general shown interest to know the Trafficking/causes/types and the information about the helpline, and legal provisions related to the issues. The programmes aired during covid pandemic time along with the covid safety precautions was well received.</p> <p>For better and sustained outreach, it is suggested to continue the campaign with regular intervals at least airing the jingles from time to time. While disseminating information on air through Community Radio, it is also suggested to conduct an awareness campaign on field in the same area simultaneously for a day or two to have a better impact in the community on the issues.</p> <p>Finally let us together build a SAFE Community for Women and Girls of INDIA.</p>

Summary of the Event		<p>People usually say that thousands of people die of cold, but we say that they die due to a lack of woollen clothes and blankets. We the team NSS, with the support of our volunteers, distributed woollen blankets & sweaters to these poor people so that they may be able to protect themselves from cold on winter nights. For getting relief from the cold, more than 150 selected helpless people got blankets through this program. Like every year this year too, the drive is being carried in some areas of Hyderabad. Happy to witness the overwhelming response. The drive became more successful as</p>
