Faculty Names & Designation	Dr.K.Ravikiran, Associate ,Professor, Dept. of IT				
Summary of the Event	<p>At the beginning of the event, the participants were asked to install the GIMP software for the purpose of the event. After that, the participants were given a walk-through of the software by the FSW team.</p> <p>Participants were given short, effective hands-on tutorials on the applications of the GIMP software such as background removal, watermark removal, GIF creation. The FSW team members ensured</p>				

	<p>that the participants followed along with the tutorials and cleared doubts and assisted the participants simultaneously.</p> <p>Followed by the tutorials, the participants were directed to take a lunch break of 60 minutes and assemble at the venue post lunch for a challenge. The participants were asked to implement the applications on their choice of images using the GIMP software and submit the same. The three best submissions were awarded with exciting prizes.</p> <p>Participants were also given refreshments during the event.</p> <p>Winners were awarded the gifts by the core-committee members of FSW.</p>
<p>IRG (in rupees) Deposited A/C no A/C name and date and other details (enclose proof-A/C statement)</p>	<p style="text-align: center;">NIL</p>
<p>Expenditure (in rupees) (Enclose proof-bills)</p>	<p style="text-align: center;">Rs. 7000/-</p>
<p>POs attained with this Event (number and description)</p>	<p>P02: Conduct experiments by analyzing and interpreting data: Students are able to give a message and interpret the data in a image or photo</p> <p>P03: Design a system, component or a process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability and sustainability: Students were designed a variety of photos as per the given task</p> <p>P08: Understand and demonstrate the professional and ethical responsibilities.: Students were educated what things cannot do put in the photographs</p> <p>P012: Engage in life-long learning which will allow them to contribute to the advancement of knowledge: Photo fiestas an lifelong learning process.</p>

Faculty Names & Designation	-				
Summary of the Event	<p>VIVITSU-2023 in a nutshell: Prior to the hackathon, 10 problem statements were uploaded to our website, and participants were requested to select one of them. Students were informed of the code of conduct at 10:00 a.m.The first round of the Hackathon's evaluation took place at 11:00 a.m. on April 28. We served lunch and dinner, and to keep the participants from getting bored throughout the night, we organised enjoyable games and</p>				

	<p>activities. Breakfast was served the following morning, April 29, and a highly knowledgeable jury conducted the final round of evaluation at 11:30 a.m. Results were made public following lunch. A cash award of 10,000 rupees was given to the winning team for each problem statement. One lakh rupees is the value of the total prize pool. Vivitsu-2023 ended with a Vote of thanks by our Coordinator.</p>
IRG (in rupees) Deposited A/C no A/C name and date and other details (enclose proof-A/C statement)	Rs. 242500/-
Expenditure (in rupees) (Enclose proof-bills)	Rs. 329401/-
POs attained with this Event (Number and description)	<p>PO1: Apply knowledge of mathematics, science and engineering. PO3: Design a system, component or a process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability and sustainability PO5: Create or Apply appropriate techniques and IT tools to complex engineering activities. PO9: Work effectively as a member and leader in teams, preferably in a multi-disciplinary setting PO12: Engage in life-long learning which will allow them to contribute to the advancement of knowledge. Participants from all over India participated in this hackathon, students got to know about the real-world problems and various ideas of all the participants. Various projects as a team. The above POs are achieved through developing var</p>
