<b>Summary of the Event</b>	<p>Essay writing is not just a method of academic assessment, but also an art. This is an art of reporting, presenting and describing a topic. Essay writing is a scholarly piece of writing giving the writers own argument. Essays methodically analyze and evaluate a topic or issue. They are designed to give one's academic opinion on subject matter. With our Essay Writing Competition, we want to discover essay writing talent from the students. This initiative is to promote better academic writing skills among students. The competition helped to create awareness among students about the harmful effects of firecrackers and regulating the bursting of firecrackers during Diwali days. Essay writing is also a brief assessment used in education and similar fields to measure growth in knowledge, abilities, and/or skills.</p>
