#### GRIET - VILLAGE DEVELOPMENT ACTION PLAN-BACHUPALLY

**1.Problem:** Need for drinking water

**Plan:** There is a need to setup water plant in Bachupally and in Rajeev Gandhi Nagar with the help of an NGO.

**2.Problem:** Waste collection by GHMC is poor. The waste collection from households occur once in 3 days, so the number of mosquitoes are increasing day by day and the people in the village are prone to various kinds of harmful diseases.

**Plan:** Need to write a letter to GHMC commissioner to increase the frequency of waste collection in order to improve the health condition of the people.

**3.Problem:** Increasing number of mosquitoes in the village.

**Plan:** Need to spray chemicals and maintain the drainage system regularly. writing a letter to GHMC may helpful to control the mosquito growth.

**Problem:** Drainages are not regularly maintained

**Plan:** Taking their issues to the government and helping them solve the issue will give a solution

**Problem:** Manholes are open

**Plan:** With the help of any NGO they should be closed and proper sign boards should be kept. Awareness should be created among the people about the harm caused by open manholes.
